**Annual General Meeting**

I am happy to announce that at the Annual General Meeting, held on 30th Sept 2019, all of the Executive positions were filled. As you can see by the list of names above not much changed. Sophie stepped down from the Secretary position and Rosalie had accepted the role. Thanks to Allan Moore who has taken on the role of Safety Officer. I wish to thank all members who have accepted their role to steer the Club forward, resulting another great Truck Show next year.

The Club's Constitution has been agreed upon in the current form with the inclusion of an amended version of the Club's Vehicle Movement Logbook. This new version is to be used in conjunction with the RMS 60 day Logbook.

**The 60 day logbook is now officially in and is to stay. Details are still to be finalised.**

### **Trangie Truck & Tractor Show August 2019**

A few of the members of the Golden Oldies Truck Club travelled over to Trangie for their inaugural Show. It was a truck and tractor show which seemed to outdo what everyone expected. Exhibitors travelled from great distances to make the Show exceptional! Various demonstrations from the tractor pull, demo derby and a car being crushed by a Caterpillar dozer added to the excitement of the day. Well done to all involved to make the Show a success.

Plans are to make the show a Biannual event to be held on the alternate year to the Golden Oldies Truck Show.

## Clarendon Classic September 2019

Nathan and Jon Mancer took a trip to attend the Clarendon Classic held at Clarendon on the weekend of 21st September, 2019. We left on the Friday and decided to take the scenic route to Sydney from Dubbo. This trip entailed us going from Dubbo to Sydney along the Putty Road, bringing us out at Windsor. The trip was pretty uneventful, even on the Putty Road as we encountered no trucks on the narrow, winding sections!

We carted the Dodgey Inter and our "new" walk in accommodation. This was the first trip for the "Little Ripper" van, it did the job quite nicely. A few little mods to make things a bit better for us and all good to go for the trip to Alice Springs next year.

There was a great amount of vehicles on display over the weekend. The tractor pull under lights was spectacular, as darkness took over on the Saturday night. The old Lanz Bulldog put on a great show in front of the sled.

The Kenworth Klassic, held in conjunction with the Clarendon Classic, had approx 400 Kenworth trucks on display. The variety of Kenworth trucks on display was amazing. The way some were displayed was a credit to the owner/driver as the amount of time cleaning and polishing was reflected by the glistening rigs. Even the trailers were displayed to a high standard. One B Double set had 64 led side marker lamps down each side of the trailer.

The weather before the weekend made the site very wet during the week before, but by Saturday the grounds had dried out. We caught up with lots of mates and heard of the latest stories, of which all are true! The weekend ended too soon and so we headed off back home.

Life was much easier when Apple and Blackberry were just fruits. (Unknown)

## **MEDIA RELEASE**

**Wednesday 2 October 2019**

### **HISTORIC AND CLASSIC CARS LOG BOOK TO STAY**

Historic and classic car enthusiasts will have more opportunities to hit the road outside club events thanks to the Liberal & Nationals Government making log books a permanent feature this week.

Minister for Regional Transport and Roads Paul Toole said 50,000 cars had participated in the log book scheme during its trial period.

“We know owners of these cars want to be able to take them out for a spin and share their love of these cars with others - that’s why we’ve made it easier for them to keep track of how often they drive them,” Mr Toole said.

“Under this scheme, historic and classic car owners can drive their vehicles for up to 60 days each year outside of club organised events.”

Minister for Transport and Roads Andrew Constance said Transport for NSW would deliver phased improvements to the log book scheme over the next 12 months.

“We are looking at ways to ensure compliance of the conditional registration and to support motorists by ensuring they have a say in the log book format,” Mr Constance said.

“Drivers will need to continue to record the vehicle’s use in the log book and be a member of a Transport for NSW recognised classic or historic vehicle club or approved organisation to use the log book.”

Australian Confederation of Motor Clubs President Tony O’Donnell welcomed the announcement.

“The logbook scheme allows owners to more easily enjoy and share the pleasure of our vehicles with each other and the community,” Mr O’Donnell said.

“Its confirmation as a permanent scheme encourages our long term commitment to our lifestyle, event participation and the stability of the industry and jobs we support.”
